Dear Valued Members,

We would like to inform you of a change to our point-of-sale (POS) system. After careful review and consideration, we have decided to replace the current POS system as it no longer supports necessary updates to reliably meet the needs of the club.

We are excited to announce that we will be implementing a **new POS system** to enhance your overall experience at our club. However, with this upgrade comes a change in our membership rewards system.

The existing point accumulation system will be retired. In its place, we are introducing a **direct 15% discount** on all dining expenses at The Salon and Tisettanta Lounge for our valued members, in addition to the existing waiver on service charge. The new dining discount will automatically be applied to your bill when you present your membership card. We believe that this new approach will provide you with more immediate and tangible benefits.

With this change, the new POS system will no longer have the option for members to charge any expenses, both for dining and rental of facilities, to their account for monthly consolidated payments. **All expenses incurred will have to be settled at the point of transaction.**

This change is scheduled to take effect on **11 December 2023**, and we appreciate your understanding during the transition period. The existing points you have accumulated thus far will be converted to vouchers that you may use to offset your expenses at the club.

We are confident that this adjustment will ultimately enhance your experience at The Legends Fort Canning Park. We value your membership and look forward to continuing to provide you with exceptional service and experiences.

Thank you for your understanding and continued support.

Should you require any clarifications or assistance, please contact our Membership Services team at 6559 6795.

Yours sincerely,
Oh Chee Eng
CEO
